

# Pee Wee Baseball

## Organization Underway

by Frank McMaster

Spring being just around the corner it is again time to organize the Pee Wee major league program.

Registration lists were run through the school this past week. Any boy who will be age 10 before June 1 and not 13 before August 1 is eligible to participate in the program which runs from May 2 to June

15 with league tournament June 20-23.

Boys who were not on a league team last year may try out on April 2 and 9 and are eligible for the draft by coaches to follow the last day of tryouts. Tryouts will be held at 10 a.m. on the Hoerner Park field north of the high school.

The league is in need of a couple coaches for the Stoltze Lumber team this year; without whom the league will not be able to field the eighth team. Anyone interested in coaching or boys with questions please contact Frank McMaster at 892-5518.

Those wishing to sign up for umpiring can do so at the principals office of the high school or by contacting Dick Lindsley at 892-3781 who is president of the Pee Wee Umpires Association.

## 4-H Recreation Lab Underway

KALISPELL — Western Montana 4-H delegates are attending a Wednesday-Thursday-Friday 4-H Rec Lab hosted by Flathead County 4-H junior leaders at the Outlaw Inn. About 100 are attending.

Kelly Blake and Julie Svec are co-chairmen for the pro-

gram. A touring group of music students from Rutland Senior Secondary School, Rutland, B.C. The students, under the direction of Dan Butler, will perform today at 10 a.m. in the high school gym. Rutland Senior Secondary School is comparable to CFHS in size, though the music program is somewhat smaller.

Anyone wishing to host an Anaconda band student April 21, 22 and 23 should contact Mr. Lawrence immediately. Although homes have been found for nearly all of the students, some homes are burdened with quite a few students and it would help to spread them around more evenly.

## Teach Course In Beading

CORAM — Mrs. Raymond Short intends to start teaching a class in Indian beading at Coram School starting Wednesday, March 30 from 8 to 10 p.m.

The class is being offered through Flathead Valley Community College, will last ten weeks with a \$16 tuition fee.

Mrs. Short has extensive background in beadwork, and has sold many items she's made such as belts, watchbands, wristbands, necklaces, medallions and chokers. She uses authentic Indian patterns.

## Junior Program Ending at Big Mt.

WHITEFISH — The 1977 Big Mountain Ski Club's junior program ends Saturday.

All parents are invited to
